

Garden Scoop

March 2018

We are trying something different this year, both with our structure and with our programs. I hope all of you will stick with us and experience our new plans. For example, most of our programs will be away from the library. They will be mini trips with plenty of car pools to accommodate members who do not wish to drive. Shirley Lutts has arranged our new exciting adventures. Let's all make an effort to take advantage of the opportunities presented.
